National Glossy Magazine Heralded As The Ultimate Cosmetic Enhancement Guide.

Cosmetic Dentistry of Long Island is featured in the 4th issue of **NEW BEAUTY** magazine, due on newsstands mid-June.

New Beauty is the first publication devoted exclusively to providing a comprehensive guide to the latest advances in plastic surgery, dermatology and cosmetic dentistry as well as revealing the best non-surgical beauty secrets, “must-have” products and expert advice. When launched in January 2005, **New Beauty** instantly struck chord with readers, marketers and medical professionals. With nearly 11.5 million cosmetic surgical and nonsurgical procedures performed in 2005, **New Beauty** fills the void for reliable information on all types of aesthetic procedures. With a distribution of 500,000 copies, **New Beauty** is available at newsstands, airports, supermarkets and retailers across the country, as well as all Nordstrom stores.

To ensure the accuracy of information in **New Beauty's** pages, the publisher established the Editorial Advisory comprised of recognized experts in their respective fields. Each article and advertisement has been carefully reviewed by at least two members of the Advisory Board, assuring readers that the information provided is fair, accurate and reliable.
